C. Health Guarantee

"Companion/ Pet" means that this dog is sold for that purpose only, and is not considered as breeding or show quality.

1. Dog is purebred. Pedigree is correct and given at time of sale. Dog is eligible for limited registration with the American Kennel Club.
2. Dog will be free of hereditary crippling defects visible by 12 months of age. Dog will be replaced, provided dog is returned to seller, at the buyer's expense, within fourteen days of discovery of such hereditary crippling defect.
3. At the option and expense of buyer, seller will provide a 7-day health guarantee, through examination by a veterinarian acceptable to both parties. Should dog be found to be unsound at time of examination for purposes of the health guarantee, seller will have the option to either provide a 100% refund of purchase price to buyer, providing dog is returned to seller, or to replace the dog with a similar companion/pet, providing the first dog is returned to seller within 14 days. Arrangements and cost of transportation are the responsibility of buyer.
4. For a period of 7 days, the puppy may be returned for a full refund for any reason. Arrangements and cost of transportation are the responsibility of buyer. Buyer agrees that after guarantee period, if dog is found not to be suited to buyer's home environment, seller be contacted for retrieval of dog rather than disposal at shelter, humane society, dog pound, or rescue organization.
5. No other warranties or guarantees, expressed or implied, are made under this contract, except as may be stated here: Buyer is responsible for all transportation and shipping expenses.

D. Alteration

At Lionheart, we care for our dogs and for the entire breed of the Giant Schnauzer. Because of our concern, we make this agreement to help prevent pet overpopulation problems, and the propagation of serious inherited faults in the breed. Alteration will prevent many behavior problems in the male and has the added benefit of a longer and healthier life for both sexes. The purchase of this dog is for companionship only and is not breeding or show quality. I understand that it is recommended to have this dog neutered by one (1) year of age. I understand the AKC application to register is marked "limited" to indicate that no offspring resulting from this dog may be registered.
